ENGLISH CLUB

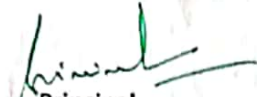

Circular

Vishnupur,
22 December 2018.

Our English club, is conducting a competition, 'Picture perception in Aspire – 2018' on 28-12-2018 from 9 am to 1:00pm in 208. Hence, all the competitors are requested to be in time without fail.

U. Madhavi
HOD

Academic In – charge

Principal

Activity name: Picture Perception

On the occasion of Aspire 2018, Department of English decided to organise an activity, Picture Perception for all three years of Degree.

What is Picture Perception:

Picture perception is the process of attaining awareness of understanding of the environment by organising and interpreting sensory information. All perception involves signals in the nervous system, which in turn result from physical stimulation of the sense organs.

Perception is not the passive receipt of these signals, but can be shaped by learning, memory and expectation.

Visual perception of displayed images is a key factor in human decision making," Vishwanath notes, "Properly describing how humans view and perceive images will provide a better understanding of why people respond positively to some images and negatively to others."

Benefits

1. Sentence framing and language skills.
2. Improves positivity.
3. Understanding levels will be improved.
4. Logical thinking.
5. Descriptive language is developed.
