SEMINAR ON IMPORTANCE OF MICROBIOLOGIST IN BEER PRODUCTION AND FERMENTATION

On 20-07-2023, Department of Life Sciences conducted seminar on Importance of Microbiologist in Beer Production and Fermentation by N.Vijay Chaitanya, Assistant Manager, AB-Inbev Budweiser Beers, Hyderabad. He explained in detail about the production protocols and also the raw materials which are to be used for the production of beer. He also explained the nutrient values of the ingredients and functions of micro organisms to produce beer in their company. He elucidated the key role of a microbiologist in the fermentation industry. II year Life Sciences students participated in this seminar along with our Life Sciences Department faculty members.
